

AND THEREFORE, BASED ON THE  
EXISTENCE OF A HAMILTONIAN  
PATH, WE CAN PROVE THAT THE  
ROUTING ALGORITHM GIVES THE  
OPTIMAL RESULT IN ALL CASES.

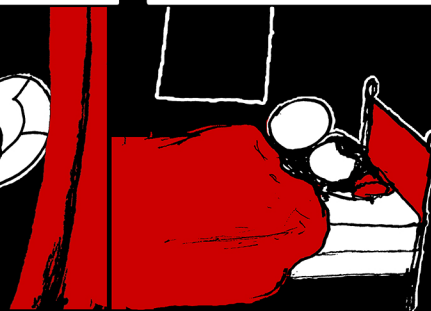

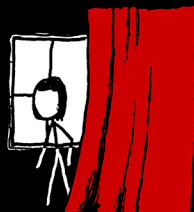

WHAT? WHAT IS IT?

A SUDDEN RUSH OF PERSPECTIVE.  
WHAT AM I DOING HERE? LIFE  
IS SO MUCH BIGGER THAN THIS!

I HAVE  
TO GO.

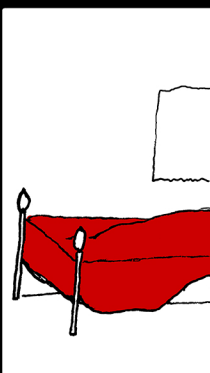

WAIT A MOMENT.

WHAT IS IT?

OH...

GRIP

The problem with perspective is that it's bidirectional.

HIS PROOF ONLY HOLDS IF THERE'S A  
HAMILTONIAN CYCLE AS WELL AS A PATH!

... EXCUSE ME?

PAPER, I NEED SOME PAPER.

HEY, DO YOU MIND  
IF I JOT DOWN SOME  
NOTES ON YOUR CHEST?
